## **Breeding Shed Requirements: 2007**

**All mares** must have proper I.D. either on halter or neck strap.

**All mares** must present a copy of a Coggins (EIA) test taken within the past 12 months.

**All maiden and barren mares** must present a negative uterine culture taken no less than 48 hours and no more than 30 days prior to first cover.

No culture required for **foaling mares** until the third cycle or unless foal died within 72 hours of foaling.

**All mares** must present a negative uterine culture on the third cycle and on any subsequent cycles.

**All mares** must show proof of vaccination against EHV-1 between 14 and 90 days prior to breeding.

**No mare** will be bred without a signed contract on file in our office.

**PLEASE** jump all **maiden mares** prior to coming to the breeding shed.
